INTERNSHIP PROGRAMME IN ENDAVA

Endava is looking for passionate IT students interested in expanding their technical knowledge and experience.

We are a leading European IT Services company with over 1,800 people operating from offices across UK, USA, Germany, Romania, Moldova and Macedonia. We design, implement and manage business-critical systems and digital services for the financial services, telecommunications, media & entertainment and professional services sectors.

Endava designed Internship journey to support you in developing your epic IT skills. Now Endava gives you the opportunity to **Grow your talent and Create your future** in our office in Skopje. You will have the possibility to join **Endava Internship Programme** in July 2015 for a 6 weeks period.

Hop on the Journey and:
Be coached by experienced IT professionals
Gain practical experience
Participate in a friendly environment
Get prepared to enter the IT world

Criteria:
Passion for IT
Currently enrolled in one of the following faculties, in 1st, 2nd or 3rd year (but not in your final year):
  Faculty of Computer Science and Engineering (FINKI) or
  Faculty of Electrical Engineering and Information Technologies (FEIT)

We invite you to apply by June 22nd, 2015.

The selected candidates will be invited via e-mail for a technical testing.

We will be more than happy to welcome you in our journey!
