

Raspberry Pi Project - Internship Opportunity

We are looking for a young enthusiast who is willing to take on challenges and believe in the power every new experience brings. The objective of the project is to set up a Raspberry Pi 3 device and connect it to two other devices, a voice-controlled assistant and a door bell.

If you are one of those people who utilises every given opportunity to learn something valuable, we can't wait to receive your application.

We offer:

A fun and pleasant work environment.

A chance to prove yourself and learn necessary skills to start your career.

An opportunity for future collaboration.

Free snacks and drinks.

Upon completion of this project you will receive:

A certificate of completion.

A prize.

Valoso Hub is an international company based out of New Zealand. Check out our own product at Valoso.com.

If you are interested in this opportunity, please send your CV to elenad@valosohub.com

Will you take the challenge?
